

Multi**CHEM**

**COMMANDEREDGE**

## Ultra-high performing range of ABF fire extinguishers

Exclusive to CheckFire, the MultiCHEM range is a series of high-performing, multi-class fire extinguishers that can tackle the toughest of Class A fires (those involving materials like paper and wood), Class B (ignited from flammable liquids) and Class F fires (involving cooking oils and deep-fat fryers).

Kitemarked to BS EN3, MED 'Ship's Wheel' approved and TUV certified, it has also passed the 35kVa Dielectric Test, making it safe for in advertent use on live electrical equipment.

- 6ltr: 34A 233B 75F
- 3ltr: 13A 89B 40F
- 2ltr: 8A 70B 25F

The MultiCHEM range is immensely versatile. It's suitable for virtually all areas including commercial kitchens, communal spaces and in retail meaning that you can stock one fire extinguishers to serve a number of different custom needs.

Furthermore, it's available in Contempo finishes making it perfect for modern bars and restaurants, luxury hotels and contemporary offices.
